

BizLink

2Q26 results in line; positive on AI & semi equipment; trim PO to NT\$3,088; Buy

Reiterate Rating: BUY | PO: 3,088 TWD | Price: 2,275 TWD

2Q in line; GM reflects deployment cycle and product mix

BizLink's 2Q GM/OPM of 30.7%/17.2% came in roughly in line with BofAe of 30.9%/17.4% and consensus of 30.7%/17.3%, with 3%/1% higher sales than BofAe/consensus. We believe 2Q GM/OPM mainly reflects different deployment cycle among HPC clients and product-mix change. HPC comprised 42% of 2Q sales (with a higher mix from power vs. data), vs. 45% in 1Q (evenly sales split between power and data). Industrial remained the second-largest segment at 35% in 2Q, vs. 34% in 1Q. Yet, sales mix from lighter-margin EA business rose to 12% in 2Q, vs. 8% in 1Q, after consolidating newly acquired PAS. With opex control and a lighter tax rate, NP was 4%/3% above BofAe/consensus.

Positive on AI & semi equip.; BofAe 2H QoQ sales growth

Mgmt. remains positive on AI and semi equipment, and sees them as two key structural growth drivers. For AI, mgmt. highlighted rising power density and data speed with more integrated system requirements. For semi equipment, mgmt. cited a higher value-add and clear order visibility into 2H27 as the higher-level assembler and system integrator from purely component maker. We now expect 3Q/4Q26 sales to grow 18%/10% QoQ and the GM to improve to 31.8%/32.8% (vs. 28.8%/30.7% in 1Q/2Q), supported by new AI GPU/ASIC platform launches and sustainable demand from semi equipment business.

Lower PO to NT\$3,088 but reiterate Buy

We lift 2026-28E EPS by 2-4% to reflect in-line 2Q26 results, solid AI momentum, sales from Interplex Datacom acquisition from 2027 (see [our 11 June note](#)), and subtotal 5% share dilution from new GDR and ECB issued in mid-Aug. We trim PO to NT\$3,088 (28x 2027E EPS) from NT\$3,230 (30x 2027E EPS), with the valuation base unchanged but a lower P/E multiple. We now use 28x (3SD above average) on potentially slower margin expansion amid clients' different deployment schedule. Yet, we reiterate Buy as BizLink benefits from AI copper/power/optical cable demand with volume/content increase.

Company Sector

Connectors, Passive Components & Distribution

Company Description

BizLink is a global interconnect solutions provider, making products like cables, wire harnesses connectors, etc. BizLink's key business segments are IT DataCom (43% of 2025 sales), Industrial (34%), Automotive (11%), and Electrics Appliance (11%). BizLink is headquartered in the Silicon Valley, California, US. Globally, it has 40 production sites post INBG acquisition in 2022. It was founded in 1996 and was listed on the Taiwan Stock Exchange in 2011.

Investment Rationale

We assign a Buy rating to BizLink in view of (1) cable/connector volume/content increase under strong AI server market demand and rising computing power, (2) BizLink's solid delivery in better-margin HPC business, (3) solid partnership with Credo for AEC business and expansion into optical business, (4) industrial business bottoming out, (5) ongoing margin expansion with improving mix.

BizLink (BIZLF)

Our PO of NT\$3,088 is based on 28x 2027E EPS. Our valuation multiple of 28x (3SD above historical average since IPO) reflects positive outlook for better-margin HPC business to ride on multi-year AI demand, content/volume growth driven by ongoing copper/power/optical cable/connector development for AI, industrial business overall bottoming out, robust semi equipment demand with over one year order visibility, and expanding margins.

Upside risks: (1) stronger demand in AI, (2) stronger semi-cap/datacenter market demand, (3) improving profitability for EV business, (4) margin upside from more stable raw material prices (copper, plastic, gold) and operating leverage, (5) favorable FX movement, and (6) more synergies from M&A.

Downside risks: (1) delayed order from AI business, (2) intensifying competition and/or pricing pressure, (3) weaker macro to hinder Industrial market demand, (4) more intense competition in EV business, (4) GM pressure from higher raw material prices and/or increasing labor cost in China/US/Europe/Malaysia, (5) unfavorable FX movement, and (6) less synergies from M&A.

Equity Investment Rating Distribution: Global Group (as of 30 Jun 2026)

Coverage Universe	Count	Percent	Inv. Banking Relationships ^{R1}	Count	Percent
Buy	1987	56.11%	Buy	1190	59.89%
Hold	797	22.51%	Hold	496	62.23%
Sell	757	21.38%	Sell	391	51.65%

^{R1} Issuers that were investment banking clients of BofA Securities or one of its affiliates within the past 12 months. For purposes of this Investment Rating Distribution, the coverage universe includes only stocks. A stock rated Neutral is included as a Hold, and a stock rated Underperform is included as a Sell.

FUNDAMENTAL EQUITY OPINION KEY: Opinions include a Volatility Risk Rating, an Investment Rating and an Income Rating. VOLATILITY RISK RATINGS, indicators of potential price fluctuation, are: A - Low, B - Medium and C - High. INVESTMENT RATINGS reflect the analyst’s assessment of both a stock’s absolute total return potential as well as its attractiveness for investment relative to other stocks within its Coverage Cluster (defined below). Our investment ratings are: 1 - Buy stocks are expected to have a total return of at least 10% and are the most attractive stocks in the coverage cluster; 2 - Neutral stocks are expected to remain flat or increase in value and are less attractive than Buy rated stocks and 3 - Underperform stocks are the least attractive stocks in a coverage cluster. An investment rating of 6 (No Rating) indicates that a stock is no longer trading on the basis of fundamentals. Analysts assign investment ratings considering, among other things, the 0-12 month total return expectation for a stock and the firm’s guidelines for ratings dispersions (shown in the table below). The current price objective for a stock should be referenced to better understand the total return expectation at any given time. The price objective reflects the analyst’s view of the potential price appreciation (depreciation).

Investment rating	Total return expectation (within 12-month period of date of initial rating)	Ratings dispersion guidelines for coverage cluster ^{R2}
Buy	≥ 10%	≤ 70%
Neutral	≥ 0%	≤ 30%
Underperform	N/A	≥ 20%

^{R2} Ratings dispersions may vary from time to time where BofA Global Research believes it better reflects the investment prospects of stocks in a Coverage Cluster.

INCOME RATINGS, indicators of potential cash dividends, are: 7 - same/higher (dividend considered to be secure), 8 - same/lower (dividend not considered to be secure) and 9 - pays no cash dividend. Coverage Cluster is comprised of stocks covered by a single analyst or two or more analysts sharing a common industry, sector, region or other classification(s). A stock’s coverage cluster is included in the most recent BofA Global Research report referencing the stock.

Price Charts for the securities referenced in this research report are available on the [Price Charts website](#), or call 1-800-MERRILL to have them mailed. In the US, retail sales and/or distribution of this report may be made only in states where these securities are exempt from registration or have been qualified for sale: BizLink. The country in which this issuer is organized has certain laws or regulations that limit or restrict ownership of the issuer’s shares by nationals of other countries: BizLink. BofA Global Research personnel (including the analyst(s) responsible for this report) receive compensation based upon, among other factors, the overall profitability of Bank of America Corporation, including profits derived from investment banking. The analyst(s) responsible for this report may also receive compensation based upon, among other factors, the overall profitability of the Bank’s sales and trading businesses relating to the class of securities or financial instruments for which such analyst is responsible.

Other Important Disclosures

From time to time research analysts conduct site visits of covered issuers. BofA Global Research policies prohibit research analysts from accepting payment or reimbursement for travel

expenses from the issuer for such visits.

Prices are indicative and for information purposes only. Except as otherwise stated in the report, for any recommendation in relation to an equity security, the price referenced is the publicly traded price of the security as of close of business on the day prior to the date of the report or, if the report is published during intraday trading, the price referenced is indicative of the traded price as of the date and time of the report and in relation to a debt security (including equity preferred and CDS), prices are indicative as of the date and time of the report and are from various sources including BofA Securities trading desks.

The date and time of completion of the production of any recommendation in this report shall be the date and time of dissemination of this report as recorded in the report timestamp.

This document is not intended to provide personal investment advice and it does not take into account the specific investment objectives, financial situation and the particular needs of, and is not directed to, any specific person(s). This document and its content do not constitute, and should not be considered to constitute, investment advice for purposes of ERISA, the US tax code, the Investment Advisers Act or otherwise. Investors should seek financial advice regarding the appropriateness of investing in financial instruments and implementing investment strategies discussed or recommended in this document and should understand that statements regarding future prospects may not be realized. Any decision to purchase or subscribe for securities in any offering must be based solely on existing public information on such security or the information in the prospectus or other offering document issued in connection with such offering, and not on this document.

Securities and other financial instruments referred to herein, or recommended, offered or sold by BofA Securities, are not insured by the Federal Deposit Insurance Corporation and are not deposits or other obligations of any insured depository institution (including, Bank of America, N.A.). Investments in general and, derivatives, in particular, involve numerous risks, including, among others, market risk, counterparty default risk and liquidity risk. No security, financial instrument or derivative is suitable for all investors. Digital assets are extremely speculative, volatile and are largely unregulated. In some cases, securities and other financial instruments may be difficult to value or sell and reliable information about the value or risks related to the security or financial instrument may be difficult to obtain. Investors should note that income from such securities and other financial instruments, if any, may fluctuate and that price or value of such securities and instruments may rise or fall and, in some cases, investors may lose their entire principal investment. Past performance is not necessarily a guide to future performance. Levels and basis for taxation may change.

This report may contain a short-term trading idea or recommendation, which highlights a specific near-term catalyst or event impacting the issuer or the market that is anticipated to have a short-term price impact on the equity securities of the issuer. Short-term trading ideas and recommendations are different from and do not affect a stock's fundamental equity rating, which reflects both a longer term total return expectation and attractiveness for investment relative to other stocks within its Coverage Cluster. Short-term trading ideas and recommendations may

be more or less positive than a stock's fundamental equity rating.

BofA Securities is aware that the implementation of the ideas expressed in this report may depend upon an investor's ability to "short" securities or other financial instruments and that such action may be limited by regulations prohibiting or restricting "shortselling" in many jurisdictions. Investors are urged to seek advice regarding the applicability of such regulations prior to executing any short idea contained in this report.

Foreign currency rates of exchange may adversely affect the value, price or income of any security or financial instrument mentioned herein. Investors in such securities and instruments, including ADRs, effectively assume currency risk.

BofAS or one of its affiliates is a regular issuer of traded financial instruments linked to securities that may have been recommended in this report. BofAS or one of its affiliates may, at any time, hold a trading position (long or short) in the securities and financial instruments discussed in this report.

BofA Securities is under no obligation to update this information and BofA Securities ability to publish information on the subject issuer(s) in the future is subject to applicable quiet periods. You should therefore assume that BofA Securities will not update any fact, circumstance or opinion contained herein.

Subject to the quiet period applicable under laws of the various jurisdictions in which we distribute research reports and other legal and BofA Securities policy-related restrictions on the publication of research reports, fundamental equity reports are produced on a regular basis as necessary to keep the investment recommendation current.

Certain outstanding reports or investment opinions relating to securities, financial instruments and/or issuers may no longer be current. Always refer to the most recent research report relating to an issuer prior to making an investment decision.

In some cases, an issuer may be classified as Restricted or may be Under Review or Extended Review. In each case, investors should consider any investment opinion relating to such issuer (or its security and/or financial instruments) to be suspended or withdrawn and should not rely on the analyses and investment opinion(s) pertaining to such issuer (or its securities and/or financial instruments) nor should the analyses or opinion(s) be considered a solicitation of any kind. Sales persons and financial advisors affiliated with BofAS or any of its affiliates may not solicit purchases of securities or financial instruments that are Restricted or Under Review and may only solicit securities under Extended Review in accordance with firm policies.

Neither BofA Securities nor any officer or employee of BofA Securities accepts any liability whatsoever for any direct, indirect or consequential damages or losses arising from any use of this information.
